

### 510(k) Summary

This summary of 510(k)-safety and effectiveness information is being submitted in accordance with the requirements of the SMDA 1990 and 21 CFR Part 807.92.

The assigned 510(k) number is:

1. Date of summary: June 11, 2001
2. Submitted by: Advantage Diagnostics Corporation  
1201 Douglas Ave  
Redwood City CA 94063
3. Device Name: Advantage Marijuana (THC) and Cocaine Home Drug Test
4. Device Classification: Class II, Panel 91 Toxicology
5. Device description: The Advantage Marijuana (THC) and Cocaine Home Drug Test is an immunochromatographic based one step *in vitro* test for use at home.
6. Intended Use: The Advantage Marijuana (THC) Home Drug Test is designed for the qualitative determination of THC (cannabinoids) in human urine at a cut off level of 50ng/mL and Cocaine metabolites at a cut off of 300ng/mL.

The test is the first part of a two-step process to provide consumers with information regarding the presence or absence, of THC and /or Cocaine in a urine sample. Confirmation, using GC/MS, of any possible drug result is recommended as the second step.

7. Substantial Equivalence: The Advantage Marijuana (THC) and Cocaine Home Drug Test is substantially equivalent to several other professional and over the counter immunoassay Drugs of Abuse Tests, such as Phamatec QuickScreen™ At Home Test. Both home drug tests are the first of a two-step process to detect the presence or absence of drugs of abuse in human urine and require consumers to confirm possible positive results with GC/MS.

Re: 510(k) Number: K011962  
Trade/Device Name: Advantage Marijuana (THC) and Cocaine Home Drug Test  
Regulation Number: 862.3250, 862.3870  
Regulatory Class: II  
Product Code: DIO, LDJ  
Dated: June 20, 2001  
Received: June 22, 2001

Dear Ms. Freestone:

We have reviewed your Section 510(k) notification of intent to market the device referenced above and we have determined the device is substantially equivalent to devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 895.

A substantially equivalent determination assumes compliance with the Good Manufacturing Practice for Medical Devices: General (GMP) regulation (21 CFR Part 820) and that, through periodic GMP inspections, the Food and Drug Administration (FDA) will verify such assumptions. Failure to comply with the GMP regulation may result in regulatory action. In addition, FDA may publish further announcements concerning your device in the Federal Register. Please note: this response to your premarket notification submission does not affect any obligation you might have under sections 531 through 542 of the Act for devices under the Electronic Product Radiation Control provisions, or other Federal laws or regulations.

Page 2 -

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4588. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its internet address "<http://www.fda.gov/cdrh/dsma/dsmamain.html>".

Sincerely yours,

A handwritten signature in black ink that reads "Steven Gutman". The signature is written in a cursive style with a large, stylized 'S' and 'G'.

510k Number: K011962

Device Name:

Advantage Marijuana (THC) and Cocaine Home Drug Test

Indications for Use:

The Advantage Marijuana (THC) and Cocaine Home Drug Test is a qualitative, one step, immunochromatographic competitive assay used to screen human urine for the presence of cannabinoids at a cut off concentration of 50ng/mL and benzoylecgonine at a cut off of 300ng/mL.

The test is the first part of a two-step process to provide consumers with information regarding the presence or absence of THC and/or Cocaine. Confirmation, using GC/MS, of a possible Marijuana(THC) and/or Cocaine result is recommended as the second step.
